

CLAIMS

We claim:

- 3 1. A hairdresser's tool kit, comprising:
 - 4 a. a holster having a plurality of comb pockets and a plurality of scissors
 - 5 pockets;
 - 6 b. a removable sleeve inserted said each said scissors pocket; and,
 - 7 c. means to support said holster to the body of a hairdresser.
- 8
- 9 2. The hairdresser's tool kit as recited in Claim 1, further including an antimicrobial
- 10 agent applied to the inside surfaces of said sleeve to disinfect a haircutting implement
- 11 inserted into said sleeve.
- 12
- 13 3. The hairdresser's tool kit, as recited in Claim 2, wherein said sleeve is made of
- 14 plastic.
- 15
- 16 4. The hairdresser's tool kit, as recited in Claim 3, further including a plurality of holes
- 17 formed on said sleeve to allow loose hair to escape from said sleeve.
- 18
- 19 5. The hairdresser's tool kit, as recited in Claim 2, wherein said sleeve is made of paper.
- 20
- 21 6. The hairdresser's tool kit, as recited in Claim 5, further including a dispenser for holding
- 22 a plurality of sleeves for use in said pockets.

1 7. The hairdresser's tool kit, as recited in Claim 1, further including a second sleeve for
2 insertion into said comb pockets.

3
4 8. The hairdresser's tool kit, as recited in Claim 1, further including a removable panel
5 located on said holster that when removed, provides access to said pockets so that said
6 pockets may be cleaned.
